That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine. Fa-

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for
chronic inflammation of womb, and can truly
say it is the only thing that ever did me any
good," writes Mrs. L. C. Wagner, of 125 Edwin
Street, Toronto, Ontario, Canada, "I could
not walk any distance before using it. After
taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty
and am greatly benefited in general health.
Would advise all suffering women to use Dr.
Pierce's medicine."

These are the Original Little
Liver Pills, first put up over
40 years ago, by old Dr. R. V.
Pierce. They've been much
imitated but never equaled. Smallest, easieast to take and best. They're tiny, sugarconted, anti-bilious granules, a compound or
refined and concentrated vegetable extracts.
Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and
bilious headaches, and all derangements of
the liver, stomach, and bowels are prevented,
relieved, and cared. Permanently cured, too,
By their mild and natural action, these little
Policis genily lead the system into natural
ways again. Their influence lasts.

A WOMAN TO BE PRETTY

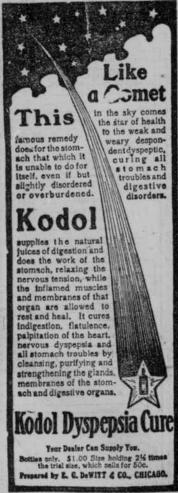

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the bead is crowned with scarf hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. E. S. Leadbeater & Sons, Special

A Thrilling Experience.

For seven hours yesterday the lives of a score of passengers were in jeopardy, on board the steamer Bigamont, of the Norfolk and Southern railroad, which plies in the Albemarle and Pamiico ounds between the towns of Edenton and Columbia, N. C. While en route to the latter place yesterday morning the cylinder on board the steamer exploded, causing, it is claimed, a por-tion of the machinery to be driven through the starboard bow of the vessel below the water line. Through this opening water began pouring into the lower decks and for a time it looked as if she would go to the bottom with all on board. The wind was blowing about 75 miles an hour and snew was falling. Captain Holmes ordered all the passengers to go below and members of the crew to to go below and members of the crew to furnish each with a life preserver and to see that they were strapped to the person of each passenger. There were some women abcard who became hystetical. Some of these had to be forced to don life preservers. The steamer tossed about in the Sound for hours in a helpess condition, all the while blowing distress signals. In the meantime members of the crew were working at the hole in the vessel, endeavoring to stop the flow of water, that were constantly to the flow of water than Dewitt's Little Early Risers do their work. These men, it is said, worked in water up to their knees, with the weather hovering around zero. In the engine room men were engaged in an attempt to repair the broken cylinder. Atter temporary repairs the Bigamout was able to proceed under ber own steam rate of two miles an hour and arrived at Edenton safe last night. When the boat was made fast to the wharf some of the passengers hastened to their homes without even waiting to discard the life preservers.

Family Murdered.

The little farming community of Wauchula, in Polk county, Fla., was plunged into excitement Thursday at the dis-covery of crime equaling in horror the tragedy at Statesboro, Ga., last year. The home of John Kirby, a farmer, who Satisfaction

The home of John Kirby, a larmer, who moved there last October from Bount county, Ala., was found in ashes, dead in the smoldering rains were the bodies of Kirby, his wife and four children, ranging in age from a boy of 12 to an infant of 1 year. A hammer was the only weapon found in the ruins which could have inflcted the wounds, A coroner's jury was impaneled, and, after making examination of the premises, rendered a verdict that the family came to death 'by fire or some other means unknown.' The general theory is that a party of negroes com-mitted the crime, although no traces of the perpetrators can be found.

Explosion Kills Child.

The explosion of a waterback of a waterback of a steel range in the home of B. F. Johnson, in Manchester, Va., yesterday morning, caused the instant death of Linwood Johnson, aged 5 years, the fatal injury of Mrs. B. F. Johnson, the mother, and Elwood Johnson, her other son, aged six years. Mrs. Johnson was attending to her housework and the children had followed her to the kitchen. Mrs. Johnson and the older boy are scalded, burned and cut by the piece of flying steel. It is doubtful if either can recover. The house was badly shaken by the explosion, and the kitchen is a wreck. The tank had frozen during the night.

Dog Saved Girl's Life.

A dispatch from Hagerstown, Md., says that Lydia, Jack and Mary Virginia Shipley, children of William Shipley, narrowly escaped drowning a day or two ago while skating on the Potomac river at Dam No. 4. The ice broke and the three children were precipitated in 25 feet of water. One of them, a girl, was sinking for the third time, when a faithful dog, seeing her plight, leaped in-te the water, seized the drowning child by the hair and succeeded in keeping her head above water until several ice-cutters working near by heard the screams of the drowning children and hurried to the scene and succeeded in rescuing all three.
